Combined Score

The Combined score is computed by Doubling the first round Freestyle score, and adding the first round T&C score and the Final round Freestyle score.

Freestyle Score

Freestyle scores are determined by adding the score earned in each of the DISC categories and subtracting deductions. The catch ratio does not directly affect the score, but it is used to break ties.

Ties for 1st, 2nd, and 3rd Place

Open Combined- Ties are broken using the following criteria: 1) highest combined Catch Ratio from both Freestyle Rounds, 2) highest score from Throw & Catch Round 1.

Open Freestyle - Ties are broken using the following criteria: 1) highest combined Catch Ratio from both Freestyle Rounds, 2) highest combined Comprehensive score from both Freestyle Rounds.

Novice, Intermediate, and Open Throw & Catch - Ties are broken using the following criteria: 1) highest score in a single Throw & Catch round, 2) highest number of Bonus Landing Zone completions.

Throw & Catch Shootout - If the above criteria are not sufficient to break the tie, then the tied competitors will break the tie in a Throw & Catch Shootout. A coin toss determines which team goes first, and each team will be allowed one throw in each round of the shootout. The team that scores higher wins the shootout and is awarded the higher finish. Shootout rounds continue until one team outscores the other. Competitors will be allowed to rest their dogs as necessary.
